CAREER OBJECTIVE

"Seeking a challenging role in a growth-focused company to apply and enhance my skills in web and software development."

WEB DEVELOPER INTERN LETSGROWMORE | REMOTE

- Worked on frontend web development projects focusing on responsive and interactive UIs.
- Applied HTML, CSS, JavaScript, and React.js to build components and dynamic layouts.
- Gained hands-on experience in real-world development through tasks involving UI building, bug fixing, and improvement suggestions.
- Participated in a structured learning environment aimed at skill development and project exposure.

ACADEMIC PROJECTS

REALTIME CHAT APP

- Developed a real-time chat app using MERN, Socket.io, TailwindCSS, and DaisyUI.
- Added JWT-based authentication and role-based authorization.
- Managed global state efficiently using Zustand and integrated real-time messaging with online user status via Socket.io.
- Handled robust client-server error responses and deployed the application using free hosting

FINANCE DASHBOARD

- Built a responsive Finance Dashboard using React, Vite, and Bootstrap to visualize personal financial data.
- Implemented interactive charts (Income vs Expense, Category-Wise Spending) and financial overview cards with toggle views.
- Added recent transactions table with filtering, color coding, and a calendar-based daily spending tracker.
